

I will not idle in a car,  
I will not idle where you are.

I will not idle at the store  
I do not want to anymore.

Not at the school... **THAT'S** not cool!  
Cold or hot, I will not.

Not at the bank,  
not in a line,

I will not idle  
anytime!

# Idle Reduction Pledge

I pledge to avoid idling unless required for safety or health reasons.

Opportunities to reduce idling include parking instead of using drive-through windows, turning off engines while waiting at schools and daycare centers; and while waiting to pick up passengers.
