# Introduction

In accordance with the South Carolina Administrative Procedures Act, the Department of Health and Environmental Control (“DHEC” or “Department”) promulgates new regulations and amends and repeals existing regulations as necessary to execute policy passed by the South Carolina General Assembly. S.C. Code Sections 1-23-10 et seq. If a statute does not require accompanying regulation(s) and is self-executing, the Department generally refrains from promulgating a regulation. Furthermore, the Department does not promulgate regulations that conflict with or exceed its authority as enumerated in governing law.

The Department’s promulgation year follows the legislative fiscal year.  
The following regulatory activities occurred from July 1, 2017, through June 30, 2018.

New Regulation Added

Amendments to Existing Regulations

Pending New Regulation, and Amendments and Repeals of Existing Regulations

# Final Regulations

The following DHEC regulations took legal effect during the 2018 fiscal year upon publication in the *South Carolina State Register*. This includes four (4) amendments to existing regulations and one (1) new regulation. Provided below is a summary of the changes made, the effective date, the publication details, and a link to the official text for each regulation.

# Pending

## Regulatory Developments

At the close of the 2018 fiscal year, the Department had seventeen pending regulatory developments, including new regulations, and amendments and repeals of existing regulations. Most of these will continue to the 2019 fiscal year. All of the below entries require General Assembly review, unless noted otherwise, due to compliance with federal law.

For status updates on the below proposed actions, visit DHEC's Regulation Development Monthly Update webpage at:

<http://www.scdhec.gov/Agency/RegulationsAndUpdates/RegulationDevelopmentUpdate/>

### New Regulation

#### Standards for Licensing Crisis Stabilization Unit Facilities

Health Regulation

#### Summary:

Add new regulation R.61-125 to establish licensure and regulatory requirements for Crisis Stabilization Unit Facilities, which provide a short-term residential program offering psychiatric stabilization services and brief, intensive crisis services to individuals eighteen years of age or older, twenty-four hours a day, seven days a week.

#### Current Phase:

Notice of Final Regulation (Pending)

Submitted to legislature March 2018.

Will be resubmitted for 2019 legislative session.

# Amendments to Existing Regulations

## Administrative Procedures (DHEC Coastal Division) Environmental Affairs

R.30-14

### Summary:

Clarifies the review process to allow sufficient time for affected landowners to understand the Department's methodology in setting jurisdictional lines and erosion rates, and bring any substantiating evidence to the attention of the Office of Ocean and Coastal Resource Management for a staff determination.

### Current Phase:

Notice of Final Regulation (Pending)

Submitted to legislature March 2018.

The Department will not resubmit this amendment for legislative review because the Beachfront Management Reform Act (Act No. 173) addressed the above-mentioned issues.

Link to Pending Regulation: [www.scstatehouse.gov/regs/4810.docx](http://www.scstatehouse.gov/regs/4810.docx)

## Vital Statistics Public Health

R.61-19

## Hazardous Waste Management Regulations

Environmental Affairs

A circular graphic with a blue outer ring and a green inner ring, containing the text "R.61-79" in black.

### Summary:

Amend R.61-79 to adopt the federal "Hazardous Waste Generator Improvements Rule," which will:

Reorganize the hazardous waste generator regulations to improve their usability by the regulated community;

Provide a better understanding of how the Resource Conservation and Recovery Act hazardous waste generator regulatory program works;

Address gaps in existing regulations to strengthen environmental protections;

Provide greater flexibility for hazardous waste generators to manage their hazardous waste in a cost-effective and protective manner; and

Make technical corrections to address inadvertent errors and remove obsolete references to programs that no longer exist.

**Current Phase:** Notice of Drafting published April 27, 2018

## Hazardous Waste Management Regulations

Environmental Affairs

A circular graphic with a blue outer ring and a green inner ring, containing the text "R.61-79" in black.

### Summary:

Amend R.61-79 to adopt the federal "Imports and Exports of Hazardous Waste Rule," which will:

Make existing export and import-related requirements more consistent with the current import-export requirements for shipments between members of the Organization for Economic Cooperation and Development;

Enable electronic submittal to the EPA of all export and import-related documents; and

Enable electronic validation of consent in the Automated Export System for export shipments subject to Resource Conservation and Recovery Act export consent requirements prior to exit.

Exempt from General Assembly review.

**Current Phase:** Notice of Drafting published April 27, 2018

## Neonatal Screening for Inborn Metabolic Errors and Hemoglobinopathies

Public Health

R.61-80

### Summary:

Amend R.61-80 to address storage and usage provisions of the regulation by including a maximum length of time for storage of blood samples; and
